3B. Ministry of Climate, info@kliimaministeerium.ee

4. 2024/0342/SE - S90E - Greenhouse gases or gases that deplete the ozone layer

5.

6. Estonia has a clarifying question regarding Sweden's notification 2024/342.

Please provide further clarifications on the potential impacts of the regulation "Ordinance amending Ordinance (2020: 1180) on certain greenhouse gas emissions" as outlined in Annex 2, Description 5, which includes pleasure crafts as a sector where the combustion of fuel products must be monitored and reported.

Specifically, we would like to understand what specific obligations will apply to recreational craft operators (including foreign operators) as a result of this amendment, particularly concerning the monitoring and reporting of greenhouse gas emissions.“

We kindly ask the Swedish authorities to respond by 23 September at the latest.
