6. Within the framework of the notification procedure laid down by Directive (EU) 2015/1535, the Slovenian authorities notified to the Commission on 15 October 2024 a Regulation on the use of the ‘Good Choice’ label to facilitate the recognition of a food with a favourable nutritional composition (hereinafter ‘the notified draft’).
The notified draft falls within the scope of a harmonised area of Union law, specifically Regulation (EC) No 1924/2006 of the European Parliament and of the Council of 20 December 2006 on nutrition and health claims made on foods.
Therefore, the Slovenian authorities are invited to notify the draft measure under Article 23 of Regulation (EC) 1924/2006 and to submit justifications for the adoption of the national measure (e.g available studies regarding the conditions of use set out in Annex I and consumer understanding of the label).
The 6-month standstill period of Article 23(3) of Regulation 1924/2006 will only commence once the draft measure is notified to the Commission and to Member States under Regulation 1924/2006 and only after the relevant justifications for the adoption of the draft measure have been provided.
