6. Within the framework of the notification procedure under Directive (EU) 2015/1535 laying down a procedure for the provision of information in the field of technical regulations and of rules on Information Society services, the Danish authorities notified to the Commission on 25 March 2025 the draft "Order on Tests with Self-Driving Units" (hereinafter, the "notified draft").

In order to allow the Commission services to complete their analysis under the relevant provisions of EU law, the Danish authorities are kindly invited to reply to the following request for supplementary information:

1. Section 5(4) of the notified draft refers to an "authorised person", which is a term that has not been defined in the draft order. Could the Danish authorities please clarify whether the term "authorized person" refers only to natural persons that have received authorization to test or if it may refer to legal entities as well?
2. Section 7(2) requires that the application for test authorisation is accompanied by "a detailed plan for conducting the test". This seems to contrast section 8, according to which "Authorisation may be granted for a period of up to 2 years", suggesting a certain degree of flexibility in carrying out the tests especially considering the need to adapt the tests to progressive development stages. Could the Danish authorities please clarify what is the expected content of detailed plans within the meaning of section 7(2)?

The Danish authorities are kindly invited to reply by 20 May 2025.
