

**Amendments to the Law on the procedure for the entry into force and enforcement of the criminal law**

To make the following amendments to the Law on the procedure for the entry into force and enforcement of criminal law (Latvijas Republikas Saeimas un Ministru Kabineta Ziņotājs, 1998, No 23; 1999, Nos 7 and 23; 2000, No 14; 2002, Nos 12 and 23; 2003, No 2; 2007, Nos 6 and 12; 2008, No 13; 2009, No 14; Latvijas Vēstnesis, 2009, No 193; 2010, No 178; 2011, Nos 167 and 199; 2012, No 121; 2013, Nos 38 and 92; 2014, No 123; 2015, Nos 104 and 227; 2016, Nos 31 and 71; 2017, Nos 36 and 124 and 194; 2018, No 244; 2019, No 200A and 236A; 2020, Nos 119C and 178 and 184; 2021, No 92A; 2022, Nos 76 and 110; 2024, No 92; 2025, No 102):

In Appendix 2:  
to add the following subparagraph 9 to paragraph 5 of Chapter II:

9)	Spirochlorophine	3222-88-6	8-[1-(4-chlorophenyl)ethyl]-1-phenyl-1,3,8-triazaspiro[4.5]decan-4-one)	0.001 g	in 1 g
----	------------------	-----------	-------------------------------------------------------------------------	---------	--------

to add the following subparagraph 9 to paragraph 8 of Chapter II:

9)	<b>3-[1-(1-phenylethyl)piperidin-4-yl]-1H-benzimidazole-2-oni</b>  3-[1-(1-phenylethyl)piperidin-4-yl]-1H-benzimidazole-2-one and any compound derived from 3-[1-(1-phenylethyl)piperidin-4-yl]-1H-	0.001 g	in 1 g
----	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	---------	--------

	<p>benzimidazole-2-one:</p> <p>a) by not substituting or by substituting one or several hydrogen atoms in the methyl group or by including a methyl group carbon atom in the cycle, which may be substituted;</p> <p>b) by not substituting or by substituting one or several hydrogen atoms in the benzene cycle;</p> <p>c) by not substituting or by substituting one or several hydrogen atoms in the piperidine cycle;</p> <p>d) by not substituting or by substituting one or several hydrogen atoms in the benzimidazolinone cycle.</p>		
--	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--

to add the following subparagraph 11 to paragraph 9 of Chapter II:

11)	diclazafone desglycyl	5600-85-1	2-amino-N-[4-chloro-2-(2-chlorobenzoyl)phenyl]acetamide	0.6 g	10 g
-----	-----------------------	-----------	---------------------------------------------------------	-------	------

to amend subparagraph 6 to paragraph 11 of Chapter II as follows:

6. Cathinones (excluding bupropion)

to amend subparagraph 10 to paragraph 11 of Chapter II as follows:

10)	<b>dibenzopyranes</b>  Cannabinol and compounds derived from cannabinol and cannabidiol (excluding cannabidiol), modified in ring A, substituted in ring B, their homologues with different numbers of carbon atoms in the substituted position 3, their cis-, trans- and optical isomers, as well as their hydroxyl group derivatives and halogenated derivatives	0.003 g	in 1 g
-----	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	---------	--------

to amend subparagraph 20 to paragraph 11 of Chapter II as follows:

20)	<b>2-phenylmorpholine and 3-phenylmorpholine</b>  2-phenylmorpholine and 3-phenylmorpholine, their enantiomers	0.1 g	5 g
-----	----------------------------------------------------------------------------------------------------------------------	-------	-----

	<p>and any compound derived from them:</p> <p>a) by replacing the benzene ring with a thiophene or pyridine ring;</p> <p>b) by replacing the morpholine cycle with a thiomorpholine cycle;</p> <p>c) by replacing one or several hydrogen atoms in the benzene, thiophene or pyridine ring with a substituted or unsubstituted alkyl group, alkoxy group, amide group, amino group, sulfo group or substituents which create a supplemental benzene, thiophene or pyridine cycle;</p> <p>d) by replacing one or several hydrogen atoms in the benzene, thiophene or pyridine ring with a hydroxyl group or</p>		
--	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--

	halogen atom;		
	e) by replacing one or several hydrogen atoms in the morpholine or thiomorpholine cycle with a hydroxyl group, nitroso group, carbonyl group or substituted or unsubstituted alkyl group		

In Paragraph 12 of Chapter II:  
 to amend the introductory part as follows:

12. A plant mass, compact mass, liquid, mixture of substances, saturated paper which contains any amount of the substances mentioned in paragraph 8, subparagraph 9 to paragraph 9 and paragraph 11 of Chapter II of this Appendix:  
 to amend subparagraphs 1 and 2 as follows:

1)	dried plant mass	in 1 g	100 g
2)	undried plant mass	5 g	1 kg

to amend subparagraph 82 to paragraph 13 of Chapter II as follows:

82)	Oxymorphone (excl. naloxone, naltrexone and methylnaltrexone)	76-41-5	0.2 g	10 g
-----	---------------------------------------------------------------	---------	-------	------

to add the following subparagraph 10 to paragraph 14 of Chapter II:

10)	gamma-butyrolactone (GBL)	96-48-0	0.6 g	10 g
-----	---------------------------	---------	-------	------

In Paragraph 15 of Chapter II:  
 to amend the introductory part as follows:

15. A plant mass, compact mass, liquid, mixture of substances, saturated paper which contain any amount of the substances mentioned in Chapter III.

to amend subparagraphs 1 and 2 to paragraph 15 as follows:

1)	dried plant mass	in 1 g	100 g
2)	undried plant mass	5 g	1 kg

to add the following subparagraph 74 to paragraph 16 of Chapter II:

74)	zaleplon	151319-34-5	0.6 g	10 g
-----	----------	-------------	-------	------

In Paragraph 17 of Chapter II:  
 to amend the introductory part as follows:

17. A plant mass, compact mass, liquid, mixture of substances, saturated paper which contain any amount of the substances mentioned in Chapter IV of this Appendix:

to amend subparagraphs 1 and 2 as follows:

1)	dried plant mass	in 1 g	100 g
2)	undried plant mass	5 g	1 kg

to delete paragraphs 18(8), (13) and (14) of Chapter II.

to amend subparagraphs 26 and 27 to paragraph 18 of Chapter II as follows:

26)	2-methyl-3-phenoxy-2-carboxylic acid (BMK glycidic acid) and its ethyl, methyl, propyl, isopropyl, butyl, isobutyl, sec-butyl and tert-butyl esters	25547-51-7	10 g	100 g
27)	3-(1,3-	2167189-50-4	10 g	100 g

	benzodioxol-5-yl)-2-methyloxyran-2-carboxylic acid (PMK glycidic acid) and its ethyl, methyl, propyl, isopropyl, butyl, isobutyl, sec-butyl and tert-butyl esters			
--	-------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--	--

to add the following subparagraph 33 to paragraph 18 of Chapter II:

33)	Isopropylidened iamine (2-(3,4-methylenedioxy phenyl)acetyl) malonate (IMDPAM)	n.a.	10 g	100 g
-----	--------------------------------------------------------------------------------	------	------	-------

The law shall enter into force on 1 December 2025.

The Minister
