8. The draft Implementing Decree focuses in particular on the harmonisation of its Annex 1 with the adopted delegated acts of the Commission (EU) pursuant to Article 60 of Regulation (EU) No 305/2011 of the European Parliament and of the Council of 9 March 2011 laying down harmonised conditions for the marketing of construction products and repealing Council Directive 89/106/EEC, as amended, and with the applicable technical specifications for assessing the performance of construction products, and on the addition of new groups of construction products, with regard inter alia to the basic requirements for construction works within the meaning of Annex 1 to Regulation (EU) No 305/2011.

9. The draft Implementing Decree amends the currently valid Implementing Decree of the Ministry of Transport, Construction and Regional Development of the Slovak Republic No 162/2013 establishing a list of groups of construction products and systems for assessing their performance, as amended by Implementing Decree No 177/2016. The amendment focuses in particular on amending Annex 1 to the Implementing Decree, which contains groups of construction products with specified systems for assessing their performance that, in some cases, no longer reflect the actual situation or product requirements. It also focuses on harmonisation with the applicable technical specifications for assessing the performance of construction products and the addition of new groups of construction products, with regard inter alia to the basic requirements for construction works within the meaning of Annex 1 to the Regulation. For the sake of the clarity of Annex 1 to the Decree, the original Annex 1 to Implementing Decree No 162/2013, as amended by Implementing Decree No 177/2016, is repealed and superseded by a new Annex 1 to the Implementing Decree, which contains the amendments necessary for the assessment of the performance of construction products.
