varnishes and putties; wastewater treatment equipment; heating, plumbing and ventilation equipment; reinforcing steel; insert parts; metal load-bearing structures and their elements; traffic management objects; chimneys and their system components; fire-safety elements and items of fire-prevention structure systems; stationary fire-extinguishing systems; fire detection and alarm system equipment; and components of smoke and heat control systems.

9. This draft order has been amended in view of the data contained in the communications from the Commission published on 13 November 2015, 8 April 2016 and 10 June 2016 within the framework of the implementation of Regulation (EU) No 305/2011 of the European Parliament and of the Council of 9 March 2011.

The List of Regulated Construction Products does not change any existing regulations on construction products. It has been amended solely to include newly transposed as well as newly amended harmonised Lithuanian standards and to update their effective dates as per information published in the EU Official Journal. In consideration of the newly adopted standards, the requirements for construction products in the non-harmonised area have been updated.
