5. Regulation on authorisation requirements for the placing on the market and use of phytosanitary products for non-professional users

6. Phytosanitary products for non-professional users

7. -

8. The draft regulation, consisting of 11 articles and a technical annex, defines specific authorisation requirements for the placing on the market and use of phytosanitary products for "non-professional" use, as well as certain requirements for the sale of such products, taking into account that the intended user is exempt from the certified training obligation and

does not usually have adequate knowledge of the potential harmful effects to health and the environment that may result from using such products, nor the skills necessary for the proper application of personal and environmental protection measures that go beyond general hygiene and cleaning practices.

9. The notified regulation needs to be adopted in order to ensure that phytosanitary products for non-professional use meet the high safety requirements for human health and the environment, with particular regard to the user himself and anyone who may come into direct or indirect contact with said products during their handling and use, as well as household storage.

The regulation is also necessary to implement the provisions laid down in Article 13 of Directive 2009/128/EC, stating: "Member States shall take all necessary measures regarding pesticides authorised for non-professional users to avoid dangerous handling operations. These measures may include use of pesticides of low toxicity, ready to use formulations and limits on sizes of containers or packaging," transposed into national law by Legislative Decree 150/2012.

In accordance with Article 10, paragraph 4, of the aforementioned Legislative Decree, the Ministry of Health, in agreement with the Ministry of Agriculture, Food and Forestry Policies and with the Ministry of the Environment and Protection of Land and Sea, is tasked with adopting "specific measures for the identification of phytosanitary products for non-professional users".

10. Reference(s) to basic text(s): Interministerial Decree of 22 January 2014, adopting the National Action Plan for the sustainable use of phytosanitary products in accordance with Article 6 of Legislative Decree No 150/2012: Annex
