EUROPEAN COMMISSION

Directorate-General for Internal Market, Industry, Entrepreneurship and SMEs
Single Market Enforcement
Notification of Regulatory Barriers

5. Preliminary draft Grand-Ducal Regulation on materials and articles made of metal and alloys intended to come into contact with foodstuffs

6. Draft on materials and articles made of metal and alloys intended to come into contact with foodstuffs

7.

8. Contains national requirements for materials that come into contact with foodstuffs, in order to achieve a high level of protection of public health.

9. In June 2013, the Member States of the Council of Europe adopted Resolution CM/Res(2013)9 of the Committee of Ministers of the Council of Europe of 11 June 2013 on metals and alloys used in materials or articles intended to come into contact with foodstuffs (hereinafter referred to as the Resolution), which aims to harmonise national requirements for such materials that come into contact with foodstuffs, in order to achieve a high level of protection of public health.

To this end, the resolution invites the Member States of the Council of Europe to take legislative or other measures, in accordance with the principles and guidelines set out in the technical guide accompanying the resolution.

By Decision M (2022) 12 of the Benelux Committee of Ministers of 17 October 2022 on materials or articles made of metals and alloys intended to come into contact with foodstuffs, the Benelux countries seek to implement the resolution jointly, in accordance with the European legal framework for the placing on the market of materials that come into contact with foodstuffs within the European Union. In this way, the rules to be applied in the three countries will be harmonised.

The purpose of this draft is to implement in national law Decision M (2022) 12 of the Benelux Committee of Ministers of 17 October 2022 on materials or articles made of metals and alloys intended to come into contact with foodstuffs in order to guarantee the same high level of protection of public health throughout the Benelux countries.
