6. Approval

7.

8. The draft Regulation on the type approval of trams and trolleybuses sets out:

1. the scope of the technical requirements applicable to the type approval procedure;
2. the specific actions to be taken by the approval authority and the technical service under the type approval procedure;
3. the scope and method of conducting type approval tests;
4. model documents relating to type approval;
5. the conditions and method of selecting a tram or a trolleybus for approval tests;
6. a model of approval mark and a method of numbering national type approval certificates for trams or trolleybuses.

Thanks to the above requirements, procedures and model documents, it will be possible to obtain a new certificate or to change it.

9. The draft Regulation on the type approval of trams and trolleybuses implements the delegation provided for in Article 55(1) of the Act of 14 April 2023 on approval systems for vehicles and their equipment (Journal of Laws item 919), i.e. a law newly adopted into Polish legislation.

In view of the adoption of the above-mentioned Act and of the delegation provided for therein, it became necessary to regulate the relevant provisions by means of a national regulation.
