5.

6. Pursuant to Article 6.2 of Directive (EU) 2015/1535 of 9 September 2015, the Member State concerned should report to the Commission on the action it proposes to take on such detailed opinions. The Commission should comment on this reaction. After examination, the Commission considers the response of the French authorities satisfactory.

Following the reply of the French authorities, the Commission services consider that the draft foresees a pertinent methods for the implementation Article 9(3) of Regulation (EU) 2017/1926.

Moreover, the Commissions services take note of the changes announced by the French authorities to the notified draft in order to take account of the concerns regarding its compatibility with Directive 2000/31/EC. According to the information received from the French authorities, the draft is to be amended by deleting the technical and API obligations for providers of information society services. This would seem to be a pertinent way to safeguard the compatibility of the draft with the e-Commerce Directive. The Commission services would be able to confirm this assessment upon receipt of a revised draft.
