Notification: 2024/0660/LU

6. Article 7(4)(a) of the draft sets a ceiling of 0.048 mg nicotine per sachet, effectively excluding all relevant products on the market. The draft can therefore be equated with a ban. A ban is an intrusive form of measure that hinders the free movement within the EU internal market. Such a measure must therefore be duly justified and proportionate to the objective to be achieved.

In its notification, Luxembourg has not explained why other, less restrictive measures, could not be sufficient and proportionate to the objective pursued by the regulation.
