Ministry of Ecological Transition,
Biodiversity and International Negotiations
on Climate and Nature

Order of

amending the Order of 23 November 2022 establishing the specifications for producer responsibility organisations and individual systems in the extended producer responsibility scheme (EPR) for textiles, footwear and household linen (TLC)

Nor: TECP2627746A

Target audience*: manufacturers of clothing textiles; organisations authorised to manage waste arising from these products.*

Subject: *this order amends the Order of 23 November 2022 establishing the specifications for producer responsibility organisations and individual systems in the extended producer responsibility scheme (EPR) for textiles, footwear and household linen (TLC). It aims to modulate the financial contributions paid by producers based on environmental performance criteria linked to industrial and commercial practices associated with ultra-fast fashion.*

Entry into force: *the provisions of this order shall enter into force on the day after its publication.*

Application: *this order is adopted pursuant to Article L541-10-3 of the Environmental Code.*

The Minister for Ecological Transition, Biodiversity and International Negotiations on Climate and Nature, responsible for the Ecological Transition,

Having regard to the Environmental Code, particularly Articles L541-10, L541-10-1(11), L541-10-3 and L541-10-27 thereof;

Having regard to the Order of 23 November 2022, as amended, establishing the specifications for producer responsibility organisations and individual systems in the extended producer responsibility scheme (EPR) for textiles, footwear and household linen (TLC);

Having regard to the opinion of the Intersectoral Committee on Extended Producer Responsibility of 16 July 2026;

Having regard to the comments made during the public consultation held from 9 July to 31 July 2026, pursuant to Article L123-19-1 of the Environmental Code,

Hereby orders:

Article 1

Annex I to the order of 23 November 2022 setting out the specifications for eco-organisations and individual systems within the extended producer responsibility (EPR) scheme for textiles, footwear, and household linen (TLC) is amended in accordance with the provisions of the annex to this order.

Section 2

The Order of 24 August 2026 amending the Order of 23 November 2022 establishing the specifications for producer responsibility organisations and individual systems in the extended producer responsibility scheme (EPR) for textiles, footwear and household linen (TLC) is hereby repealed.

Article 3

The Acting Director-General for Risk Prevention shall be responsible for the implementation of this order, which shall be published in the Official Journal of the French Republic.

Done on

The Minister for Ecological Transition, Biodiversity and International Negotiations on Climate and Nature,

For the Minister and by delegation:

The head of the Health, Environment and Circular Economy Service,

P. BODENEZ

Annex to the Order of amending the Order of 23 November 2022 establishing the specifications for producer responsibility organisations and individual systems in the extended producer responsibility scheme (EPR) for textiles, footwear and household linen (TLC).

The specifications for producer responsibility organisations set out in Annex I to the ministerial Order of 23 November 2022 are amended according to the provisions of this annex.

In paragraph 2.2, entitled ‘Applicable adjustments,’ a new subparagraph 2.2.3.1 is added before subparagraph 2.2.4, entitled ‘2.2.3.1 Industrial and commercial practices,’ reading as follows:

‘The financial contributions paid by producers to the producer responsibility organisations shall be adjusted based on penalties associated with durability linked to industrial and commercial practices, according to the amounts specified in the following table:

Condition of application				
Product with a D-score of 0.8 or less				
Penalty amounts (in €)				
Type of product	**Year**			
	2026 and 2027	2028	2029	From 2030
Boxer briefs/Briefs	0.5	1	1.50	2.00
Boxer shorts	0.5	1	1.50	2.00
Socks	0.5	1.00	1.50	2.00
Shirt	6	6.75	7.50	8.25
Jeans	9	11.75	14.50	17.25
Skirt	3	3.50	4.00	4.50
Dress	7	7.75	8.50	9.25
Swimsuit	3	3.50	4.00	4.50
Coat/Jacket	12	14.50	17.00	19.50
Trousers	7	7.75	8.50	9.25
Pullover	6	6.75	7.50	8.25
T-shirt/Polo shirt	2	2.50	3.00	3.50

For each product listed in the table above, D corresponds to the coefficient established based on two criteria: width of product range (G) and repair incentive (R), each weighted at 50 %. Each of the two criteria is expressed via an index ranging from 0 to 1, which can therefore be expressed as a percentage (%).

Formula
$D = 0.67 + (1.45 - 0.67) * (0.5 \times G + 0.5 \times R)$

Details regarding the calculation method for this penalty are set out in a note published on the website of the ministry responsible for the environment.

The methodology defined pursuant to Articles D541-240 et seq. of the Environmental Code is deemed to comply with the calculation methods defined in the aforementioned note.’
