6. Notification 2025.0476.EE

Within the framework of Directive 2015/1535, on 1 September 2025, the Estonian Government notified the draft 'Amendment to Regulation No 95 of the Minister for Agriculture of 6 November 2014 on composition and quality requirements for jam, jellies, marmalade and sweetened chestnut purée and requirements for the provision of food information'.

Examination of the draft has led the Spanish authorities to issue the comments set out below pursuant to Article 5(2) of the aforementioned Directive:

Given that the draft specifies the composition requirements for the product denomination 'Jam' as a national requirement, Spain requests the following of the Estonian authorities:

Having detected that the draft does not include a mutual recognition clause and since it contains national requirements, the Estonian authorities are urged to introduce such a clause so that this Regulation does not become an unnecessary obstacle to intra-Union trade in the foods affected by the draft.
