Message 103

Communication from the Commission - TRIS/(2024) 0051

Directive (EU) 2015/1535

Notification: 2023/0579/CZ

Forwarding of the observations of a Member State (Austria) (article 5, paragraph 2, of Directive (EU) 2015/1535). These observations do not have the effect of extending the standstill period.

4. 2023/0579/CZ - I10 - Metrology

5. article 5, paragraph 2, of Directive (EU) 2015/1535

6. Regarding Notification 2023/579/CZ; Czech Republic; Stipulation of metrological and technical requirements for specified measuring instruments: 'High-speed weigh-in-motion road vehicle scales'

These are comments within the meaning of Article 5(2) of Directive (EU) 2015/1535.

Section 3.1 outlines the essential features of the scales, which include a printing device and equipment for the optical identification of vehicles. It should be noted that, in some countries, the identification of vehicles may be prohibited for data privacy reasons (see also Sections 3.8.1 and 3.8.2).

Section 3.10.2 mentions automatic temperature monitoring, which must be carried out by components of the scales and prevents measurements outside the permissible temperature range. This requirement is not provided for in international recommendations.
