Notification of Regulatory Barriers

that applies to notification to the competent authorities of the manufacturing, import and sale of electronic cigarettes and refill containers for electronic cigarettes. The bill sets rules on the highest legal limit for nicotine in refill containers as well as on the amount legal in each container and tank. The bill also sets rules on in which places it is prohibited to use the products as well as age limit for sale and buying of the product.

9. The provisions of the bill are in conformity with Directive 2014/40/EU on the approximation of the laws, regulations and administrative provisions of the Member States concerning the manufacture, presentation and sale of tobacco and related products and repealing Directive 2001/37/EC.

Provisions of the bill that restrict the sale, use and marketing of electronic cigarettes and refill containers for electronic cigarettes are all based on public health grounds, especially relating to children and youths.

10. No Basic Text exists

11. No

12. -

13. No

14. No

15. An impact assessment has not been formally made. No major impact of the bill is foreseen. The main impact is that with the bill there will be set a legal frame for the sale, marketing and manufacturing of electronic cigarettes and refill containers for electronic cigarettes on the public health grounds.

16. TBT aspect

No - The draft has no significant impact on international trade

SPS aspect

No - The draft has no significant impact on international trade
