Decree No of on activity data for furnished tourist accommodation

NOR:

Target audiences: municipalities and public inter-municipal cooperation bodies; intermediaries for the rental of furnished tourist accommodation, operating in particular digital platforms for furnished rentals; rental companies for furnished tourist accommodation; single public body referred to in the first subparagraph of Article L324-2-1(II) of the French Tourism Code.

Subject: The decree amends the rules governing the collection, transmission, provision and retention of activity data relating to furnished tourist accommodation. It thus draws the necessary conclusions from the widespread introduction of the procedure for registering furnished tourist accommodation with a national online service, in particular by abolishing the optional submission, by local authorities and public inter-municipal cooperation bodies, of lists of registration numbers and associated information, whilst providing for transitional provisions relating to data already submitted. It continues the process of aligning national legislation with Regulation (EU) 2024/1028 of the European Parliament and of the Council of 11 April 2024 on the collection and sharing of data relating to short-term accommodation rental services, in particular by amending the data submitted by furnished tourist accommodation intermediaries to the single public body responsible for collecting such data. Finally, it provides for the designation of the French tourism development agency, 'Atout France', as the single public body.

Entry into force: The text shall enter into force on the day following its publication, with the exception of the provisions of Article 6, which designate Atout France as the sole public body and which shall enter into force on a date to be set by ministerial order, and no later than 31 December 2027. The Decree also lays down transitional provisions on the making available and retention of data relating to former declaration numbers.

Implementation: This Decree is issued, in particular, to implement Article 1 of Law No 2024-1039 of 19 November 2024, which aims to strengthen the regulatory framework for furnished holiday accommodation at local level.
