6. Within the framework of the notification procedure under Directive (EU) 2015/1535 laying down a procedure for the provision of information in the field of technical regulations and of rules on Information Society services, the German authorities notified to the Commission on 22 March “Ordinance on Consent Management Services under the Telecommunications Telemedia Data Protection Act – Consent Management Ordinance (EinwV)” (hereinafter, the ‘’notified draft”).

In order to allow the Commission services to complete their analysis under the relevant provisions of EU law, the German authorities are kindly invited to reply to the following request for supplementary information:

- The Commission services would like to receive further information regarding the envisaged measures, and in particular whether telemedia providers will be able to also integrate consent management services that have not received the recognition of the German Federal Commissioner for Data Protection and Freedom of Information. If so, please specify how will this be ensured.

- The German authorities are kindly requested to provide explanations on how they see the interplay of the planned rules – also the underlying Article 26 TTDSG - with chapter III of Regulation (EU) 2022/868 (the Data Governance Act) that regulates the type of provider.

- The German authorities are kindly requested to provide additional explanations on their assessment on the viability of financial models that would support such services. In particular if there are examples already emerging.

EUROPEAN COMMISSION
Directorate-General for Internal Market, Industry, Entrepreneurship and SMEs
Single Market Enforcement
Notification of Regulatory Barriers

The German authorities are kindly invited to provide their answers by 8 May 2024.
