Draft Government Regulation on the list of psychomodulatory substances

Reply to the detailed opinion pursuant to Article 6(2) of Directive (EU) 2015/1535 of 9 September 2015

Dear Executive Vice-President Séjourné,

We thank you for your detailed opinion of 12 May 2025 concerning Notification 2025/93/CZ regarding the Draft Government Regulation on the list of psychomodulatory substances.

Following internal consultations and in light of the notification process, the Czech Republic has decided to remove cannabis with THC content up to 1% and related extracts and tinctures from the revised version of the draft regulation which is enclosed with this letter.

We would appreciate it if the Commission could confirm whether the amended draft, in this form, is considered compatible with EU law.

We remain committed to constructive dialogue with the Commission and to finalising the regulation in accordance with applicable procedural requirements.
