JORF No 0083 of 6 April 2025

Text No 57

Parties concerned: purchasers and lessees of vehicles; automotive professionals.

Subject: update of the list of versions of electric passenger cars that have reached the minimum environmental score referred to in Article D251-1 of the Energy Code, laid down by the Order of 14 December 2023, which are therefore eligible for certain grants for the purchase or leasing of low-emission vehicles under this criterion.

This Order, following the modification of the methodology for calculating the environmental score, updates the list of versions of electric passenger cars that have achieved the minimum environmental score referred to in Article D251-1 of the Energy Code, laid down by the Order of 14 December 2023, after examination by the Environment and Energy Management Agency of a dossier submitted by their manufacturer. In particular, this is one of the conditions of eligibility for the ecological bonus for new passenger cars, and for leasing, linked to the environmental and climate impact of the production and delivery of the vehicle. This list details:

- the type, variant and version (TVV) associated with the version that has achieved the minimum environmental score;
- the make of the vehicle version in question;
- the model of the vehicle version in question.

Entry into force: this Order shall enter into force on 8 April 2025.

Application: this Order is adopted pursuant to Articles D251-1 and D251-1-A of the Energy Code.

The Minister for the Economy, Finance and Industrial and Digital Sovereignty, the Minister of Spatial Planning and Decentralisation and the Minister for Ecological Transition, Biodiversity, Forests, Marine Affairs and Fisheries,
Having regard to Directive (EU) 2015/1535 of the European Parliament and of the

Council of 9 September 2015 laying down a procedure for the provision of information in the field of technical regulations and of rules on Information Society services;

Having regard to the Energy Code, in particular Articles D251-1 to D251-13 thereof;

Having regard to the Order of 14 December 2023, as amended, laying down the list of versions of electric passenger cars that have achieved the minimum environmental score required to be eligible for certain financial assistance for the purchase or leasing of low-emission vehicles;

Having regard to the Order of 23 January 2025 amending the Order of 7 October 2023 on the methodology for calculating the environmental score and the minimum score value to be achieved for eligibility for the environmental bonus for new electric passenger cars;

Having regard to notification No 2025/0199/FR addressed to the European Commission on 4 April 2025,

Hereby order:
