Telephone: 32 473 53 72 06

Administration

IBPT

Administration Contact Person

Name: Corinne Cumps

E-mail: corinne.cumps@ibpt.be

Telephone: 32 494 73 70 14

### B. Draft

Title of the legislation

Bill amending the Act of 26 January 2018 on postal services

Brief description of the draft legislation, mentioning the regulatory origin (treaties, directive, cooperation agreement, current events, etc.), the objectives pursued and the implementation thereof.

The main objective of the Bill is to mitigate the environmental impact of parcel delivery services by imposing obligations to limit the risk of unsuccessful deliveries. Legal basis: Articles 2.19 and 11a of Directive 97/67/EC.

Impact assessments already carried out:

Yes  No

### C. Consultations regarding the draft legislation

Compulsory, optional or informal consultation

Opinion of the Finance Inspectorate

### D. Sources used for the impact assessment

Statistics, documents, organisations and reference persons

Study by VUB and Fishermen (Koen Mommens, Kathleen Cauwelier, Cathy Macharis and Johan Peeters "RAPPORT MARKTANALYSE PAKKETAUTOMATEN NETWERKEN BELGIË, 2022" — [https://mobilise.research.vub.be/sites/default/files/2022-11/Rapport%20kabinet%20lockers\\_finalfeedback.pdf](https://mobilise.research.vub.be/sites/default/files/2022-11/Rapport%20kabinet%20lockers_finalfeedback.pdf)).

## What impact does the draft legislation have on the following 21 areas?

### 1. Combating poverty

Positive impact  Negative impact |  No impact

### 2. Equal opportunities and social cohesion

Positive impact  Negative impact |  No impact

### 3. Gender equality

1. Who is directly and indirectly affected by the draft and what is the gender breakdown of this/these group(s)?

People are affected. |  Nobody is affected.

Please explain why:

No impact

### 4. Health

Positive impact  Negative impact |  No impact

### 5. Employment

Positive impact  Negative impact |  No impact

### 6. Consumption and production practices

Positive impact  Negative impact |  No impact

### 7. Economic development

Positive impact  Negative impact |  No impact

### 8. Investment

Positive impact  Negative impact |  No impact

### 9. Research and development

Positive impact  Negative impact |  No impact

### 10. SMEs

1. Which companies are directly and indirectly affected?

Companies (including SMEs) are affected. |  No companies are affected.

Please explain why:

No impact

### 11. Administrative expenses

|  Companies/citizens are affected.  Companies/citizens are not affected.

### 12. Energy

Positive impact  Negative impact |  No impact

### 13. Mobility

Positive impact  Negative impact |  No impact

Please elaborate

Limiting the number of km travelled in polluting vehicles thanks to the maximisation of successful parcel deliveries.

### 14. Supply

Positive impact  Negative impact |  No impact

### 15. Climate change

Positive impact  Negative impact |  No impact

Please elaborate

Limiting the number of km travelled in polluting vehicles thanks to the maximisation of successful parcel deliveries.

### 16. Natural resources

Positive impact  Negative impact |  No impact

### 17. Indoor and outdoor air

Positive impact  Negative impact |  No impact

Please elaborate

Limiting the number of km travelled in polluting vehicles thanks to the maximisation of successful parcel deliveries.

### 18. Biodiversity

Positive impact  Negative impact |  No impact

### 19. Nuisances

Positive impact  Negative impact |  No impact

Please elaborate

Limiting the number of km travelled (and related nuisances) in polluting vehicles thanks to the maximisation of successful parcel deliveries.

### 20. Public authorities

Positive impact  Negative impact |  No impact

### 21. Coherence of development policies

1. Indicate the direct/indirect effects the draft may have on developing countries in the following areas: food safety, health and access to medicines, decent work, local and international trade, revenue and domestic resource mobilisation (taxation), mobility of people, the environment and climate change (clean development mechanisms), peace and security.

Impact on developing countries. |  No impact on developing countries.

Please explain why:

No impact
